& Sarah Copeland, Wetherby Asset Management**

AN UPDATE ON ADMINISTRATION OF DIGITAL ASSETS

Please join us for the final program of our fiscal 2015 year on May 18th when Helen Christakos and Sarah Copeland do an update on the latest developments in the administration of Digital Assets. If you attended our 2013 Symposium on Estate Planning and Administration of Alternative Assets at Golden Gate University, you may recall they made an excellent presentation on this subject at that time. This presentation will provide a good update on this highly specialized area of estate planning and administration. Helen is Counsel in the Corporate Department of Kaye Scholer's Silicon Valley office and represents clients in commercial transactions on cutting edge IP and technological issues. She is also an Adjunct Professor at Santa Clara University of Law where she teaches JD and LLM classes in Technology and Intellectual Property Licensing. Sarah is a Senior Investment Associate and Estate Planning Specialist at Wetherby Asset Management. She also serves on the Board of Home & Hope, a charity that assists homeless families and as a mock trial coach for the College Track mock trial team. Prior to her current role at Wetherby, Sarah worked as an estate planning attorney at Carr McClellan and Pillsbury Winthrop.
